

TORINO, 9 e 10 Giugno 2025

AULA LENTI - CATH LAB
AOU CITTÀ DELLA SALUTE E DELLA SCIENZA DI TORINO

FROM DRUG TO PLAQUES AND MICROCIRCULATION Educational Meeting for Interventional Cardiologists

OBJECTIVE & RATIONALE

This meeting aims to provide a comprehensive approach to interventional cardiology, integrating pharmacological advances, imaging techniques, and microcirculation assessment. Through expert-led discussions and live cases, participants will gain practical insights into optimizing patient outcomes in the cath lab.
